SUBJECT: Fiscal Year 2018 Employer Paid Fringe Benefits

Employer paid fringe benefits are incorporated in the Statewide Payroll System. The only fringe benefit outside of this is Workers' Compensation which is billed annually to each agency by the Injured Workers' Insurance Fund. Attached is an updated table. Fiscal year 2018, fringe benefits will be charged as follows:

Retirement/Pension Subsidy - New rates are provided for most State Systems. New rates will be implemented for the first pay period which ends July 4, 2017 for the Regular system and July 08, 2017 for the University system.

Match of Employee Contributions to the Maryland Supplemental Retirement Plans [457, 403 (b) and 401 (k)] - The employee match for FY 2018 will not be funded.

Unemployment Insurance Premium - The rate beginning July 1, 2017 will be 0.28%. Unemployment Insurance Wages exclude cafeteria plans, dependent and health care plans, and parking deductions.

FICA (Social Security and Medicare) - The rate is unchanged through calendar year 2017.

Medicare Insurance Subsidy - The rate is unchanged through calendar year 2017.

Health Insurance Subsidies - Health Insurance subsidies will not be updated until January 1, 2018.

Special Subsidy - The rate for fiscal year 2018 will be 47.0%. The Special Subsidy (retiree health subsidy) will appear on each Agency total page of the payroll and check register, the cost tape and subsequent R\*STARS transactions. It will not appear on the employee's earnings statement (pay stub).

Other Post-Employment Benefits (OPEB) - This subsidy for fiscal year 2018 will not be funded.

Implementation will take place effective with the first cash payday in July, 2017 unless otherwise noted in the discussion above. The first cash payday is July 12<sup>th</sup> for Regular system, July 14<sup>th</sup> for University and July 5<sup>th</sup> for the Contract system.

1. Retirement/Pension Subsidy - This subsidy is applied by the Statewide Payroll System when the employee is established in a retirement or pension system. It is computed as a percent of the stated annual salary, divided by the number of pay period ending dates for the fiscal year over which the employee's deduction would be active (divisor column below ) and taken as a fixed amount from the first dollar of wages. This subsidy is charged whenever wages are paid, even if by nature of the plan the employees do not make a contribution or do not make a contribution until reaching the value of the OASDI FICA wage base (\$127,200 in calendar 2017). However, if the employees are required to make a contribution and have insufficient wages for their own contribution, no subsidy will be charged.

Agencies with employees who have Baltimore City Retirement or Pension (Deductions 15, BC or BW) or County Retirement or Pension (Deduction 44) are responsible for directly remitting the matching employer share to the appropriate office and charging the proper object and Comptroller of Maryland (COM) sub-object through R\*STARS.

\* All employee contributions for these systems are Federal income tax sheltered but continue to be taxable for FICA (Social Security) and Maryland State income tax.

\*\* Represents 21 pay non-faculty employees with the Maryland School for the Deaf.

2. FICA (Social Security) Subsidy - This subsidy is applied by the Statewide Payroll System when the employee is FICA taxable and pays the employee share of FICA. Employees that are automatically excluded as non-FICA taxable are students, patients and inmates on the Special Payments Payroll (CT). Others may be excluded by filing the FICA exemption card. When the employee reaches the FICA OASDI (Old Age, Survivors, and Disability Insurance) tax wage base (\$127,200 in 2017), the Medicare (Hospital Insurance) tax alone is applied to the additional wages without any wage base limitation.

3. Medicare Insurance Subsidy - This subsidy is applied by the Statewide Payroll System when the employee is only Medicare Insurance taxable and pays the employee share of Medicare Insurance. It applies to Federal Civil Service Employees on the University of Maryland Payroll and new members of the State Police Retirement System and the Baltimore City Fire and Police system on the Regular Payroll who entered State employment on and after April 1, 1986. The employee and employer shares of Medicare Insurance Tax are applied to every dollar of Medicare Insurance taxable wages.

4. Health Insurance Subsidies -These subsidies are applied by the Statewide Payroll System when the employee is enrolled in a health plan and pays the employee and/or employee & domestic partner health premiums. For bi-weekly employees in Calendar Year 2017, two pay periods of the year are omitted for both the employee and employer contribution since the premium is only taken 24 times per year. Monthly employees pay their premium each time they are paid. Employee and employer health rates are applied at the direction of the Department of Budget and Management. All employee payroll deductions for themselves and/or their family health plan selections are taken on a pre-tax basis. All payroll deductions for domestic partner health coverage are taken on a post tax basis. Benefits provided to an employee's domestic partner are treated as additional wages of the employee unless the domestic partner qualifies as a spouse or a dependent under the IRC. [Treas. Reg. §§ 31.3121(a)(2)-1, 31.3306(b)(2)-1]. NOTE: per announcement from Health Benefits, "Domestic Partner" deductions will no longer be valid/used in calendar year 2017. We will still have post-tax deductions and imputed income for grandchildren and court awards.
